## GO AWAY COYOTE!

The next time you see a coyote  
be **LARGE** and be **LOUD**!

The "Go Away Coyote" method is the easiest  
& most effective **hazing** technique for keeping  
coyotes at a safe distance & out of your yard.  
**Yell and wave your arms to scare it off.**  
If a coyote does not react, walk towards the  
coyote and increase the **Intensity** of your hazing.  
If it runs away, but stops at a distance, it's important  
to continue to haze until it leaves the area completely.  
**Consistency** is key, share your hazing knowledge  
with others to keep the coyote population away.
